New Beginnings!

“School bells are ringing loud and clear; vacation’s over, school is here” – Winifred C. Marshal

It is that time of the year again where we wake up early, all happy and cheerful, anxious for the day to start —“The First Day of School!”

The start of a new session is always a time filled with excitement. It was a warm atmosphere with Tiny Tots today as the day was filled with mixed emotions both for teachers and children. The children were welcomed by teachers with a warm smile as they walked in.

The day kicked off with positivity and cheer. Teachers were seen making students comfortable and cozy in their new classrooms. Everyone was feeling excited and felt glad to meet their old friends, new teachers and a new schedule.

The “Welcome Assembly” was held for students by the teachers. Students enthusiastically performed a mass drill for warm up and to feel refreshed. It all seemed serene as the students and teachers together prayed to God for a successful year ahead. Children giggled around . The assembly ended with an enjoyable dance on the beats reminding all that School Is Fun.

We have an exciting year ahead, filled with opportunities for growth, learning, and personal development. Our curriculum will be enriched with innovative teaching methodologies and a focus on developing critical thinking and problem-solving skills. We will also be offering a wide range of extracurricular activities and events to ensure a well-rounded educational experience for all students.

As the school bells start ringing, let us all look forward for a bright year ahead and make it productive and inspiring for our children. Welcome to the new school year! Let us make it a memorable and successful one.

VIVEK SUMMIT SCHOOL

PRESENTS

Ecstasy

(Alice in Dreamland)

a musical concert

The audience was spell bound for a school production of Alice in Dreamland. Vivek Summit School chose the Lewis Carroll classic with a twist bringing in different messages. The cast of 350 students took the stage at Manav Sthali School's Auditorium at New Rajinder Nagar.

The show opened with the students from Vivek Summit beautifully capturing the essence of the classic Alice in Dreamland, bringing to life the chaos and charm of dreamland with the audience following Alice on her imaginative adventure through a world of different activities in the school.

The play was interspersed with songs and dances for different scenes. The dancers tapped their feet to the energetic songs presented by the little student's choir. Each and every student of the school was involved in this play. The vibrancy with which the story was conceptualized through props, dance and songs enthralled the audience who could only watch spellbound as the children came on stage to exhibit their innate talents with their confident performances.

It was a delightful and heartening sight to see the entire auditorium standing in ovation. They appreciated the creatively choreographed dances and perfectly chiselled characters.

Young learners came to know that fairy tales are a source of understanding the significance of hurdles, victories, tears and smiles in one's life.

The Annual Day displayed the commitment of the School fraternity to create an environment to nurture global citizens and impart 21st Century Skills.

WORLD ATHLETE DAY

“Champions keep playing until they get it right”

World Athletics Day is celebrated to encourage sports activities. The theme of the Athletics Day 2025 was “Relay Around the World Challenge”. This theme emphasizes global unity and collective participation in athletics and to get involved in relay style events.

This message was conveyed to the students through various activities to promote respect, determination, friendship and pride among young athletes.

Little ones participated in the Cones Relay, which promotes teamwork and communication and boosts self - confidence and motivation. For students of classes 3 - 5 there were Hurdle Races and multiple activities which were a great way to increase flexibility.

Through these various activities, the students got to know about different kinds of sports and made them more confident. Students also developed a strong spirit of sportsmanship and respect.

ARMY DAY

Vivek Summit School celebrated Armed Forces Day to honor the bravery, courage and sacrifice of the armed forces. The day is celebrated to honor our country's soldiers, who set the most exceptional example of selfless service and brotherhood, and above all, love for the country. Students of Vivek Summit School dedicated this day to our brave soldiers by conducting a special assembly.

They recited poems, shared interesting facts about the Indian Army. A parade was also organized with the students dressed up as army personnel. A special tribute was paid through cultural performances, including patriotic songs and a skit depicting the courage of our armed forces.

REPUBLIC DAY

Republic Day is more than just a national festival—it's an electrifying celebration of India's freedom, democracy, and the diverse cultures that make our nation unique. At Vivek Summit School, Republic Day celebrations are a vibrant blend of energy, tradition, and deep respect for our country's history and values. There were vibrant performances, inspiring speeches, and a celebration of India's heritage and unity. School celebrated it by creating memories that foster a lifelong sense of pride and patriotism in students.

Students showcased performances reflecting the diverse traditions, languages, and art forms of India. Republic Day speeches delivered by students reflected on the values enshrined in the Indian Constitution—justice, equality, and liberty—and their relevance in today's world. These performances are not just entertaining but also serve as a reminder of India's vibrant cultural tapestry.

For students, the day is a valuable learning experience that strengthens their connection to the country and instills a sense of unity and pride. Whether through cultural programs, speeches, or friendly competitions, Republic Day leaves a lasting impression, inspiring students to contribute positively to the nation's future.

CLEANINLESS DRIVE

NATIONAL CLEANLINESS DAY

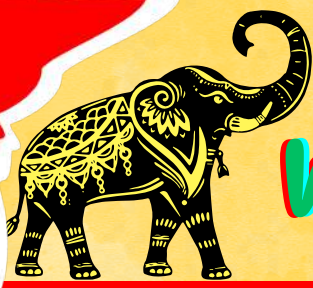

National Cleanliness Day is more than just a symbolic occasion, it is a day that serves as a powerful reminder of our collective responsibility to maintain a clean and healthy environment. It is an opportunity to reinforce the importance of cleanliness and hygiene in our daily lives and to inspire action towards a cleaner India. The students also participated in Poster Making Competition on this occasion. The activities conducted, enabled the school to take the mission of cleanliness to the community, thereby, creating mass awareness.

WORLD HEALTH DAY

World Health Day is a global health awareness day, celebrated every year on 7th April. This day is observed to raise awareness about physical health, mental wellbeing, and various measures to combat global health challenges. The students enthusiastically participated in Poster Making activity. Students also spoke about how one can ensure a healthy lifestyle by adopting simple measures like balanced diet exercise and proper sleep. The celebration fulfilled its objective of developing a deep understanding of the essential link between individual and collective health for a sustainable life and encouraged the students to eat nutritious foods so as to promote good health.

WORLD HERITAGE DAY!

World Heritage Day is a global event that raises awareness about the importance of preserving cultural and natural heritage sites. It provides an essential link to our past and helps to preserve cultural identity and serves as a source of inspiration and education for future generations and it is a tangible link to history.

The thought of how one's connection to its roots and culture affects one's future and development, Vivek Summit School commemorated World Heritage Day, to honour the world's cultures, apprise the learners with the heritage sites, and to contribute towards the preservation of our Country's rich heritage in our own little way.

Showcasing unity in diversity, a few students from each grade wore the cultural state-wise dress. A special assembly was held on account of the celebration. The students pledged to protect and preserve the heritage of our country.

A special speech on the topic was delivered in the assembly by a KG student. Students spoke thoughts for the day. Teachers explained the meaning and importance of rich cultural heritage and advised them to preserve & conserve our legacy through PPTs and a video song presentation.

The school aims to make students aware of the importance of cultural heritage and its preservation. This event was a huge success and created a festive environment in the school and instilled pride in the hearts of all children who were a part of World Heritage Day.

"We are the first generation to feel the impact of climate change and the last generation that can do something about it." – Barack Obama

We celebrate 'Earth Day' to raise awareness and take action to protect the environment and its natural resources. Earth Day serves as a global event to advocate for environmental protection to address issues like pollution and climate change to celebrate Earth's beauty for future generation.

Our power, Our planet. We emphasized for transition of renewable energy and create a sustainable future. So let's all focus significantly to increase the global output of clean energy to combat climate change.

GO GREEN

Keep the Planet Green

NATIONAL TECHNOLOGY DAY

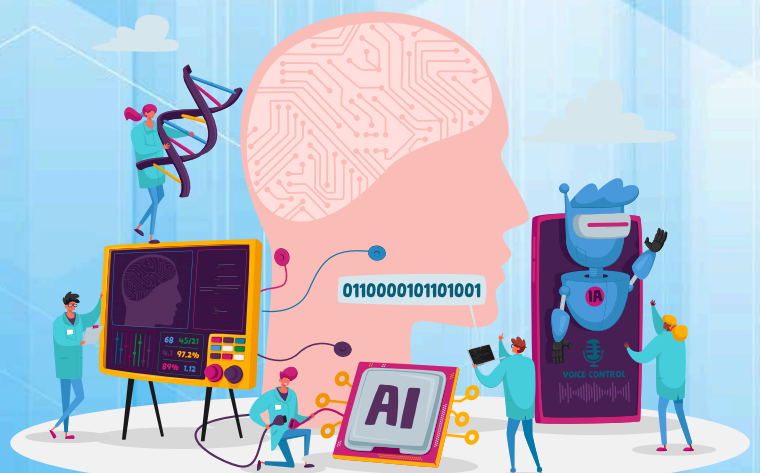

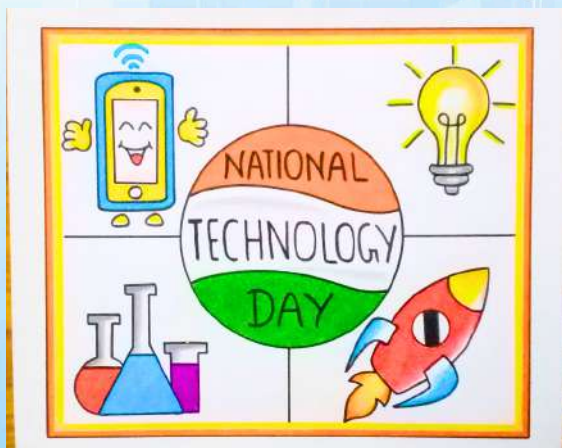

Every year on May 11th, India observes National Technology Day. It is a day to commemorate India's scientific and technological achievements and recognise the contribution of Indian scientists and engineers towards the advancement of technology. They also remembered APJ Abdul Kalam who has contributed to India's Technological advancements.

This day glorifies the importance of science in our day-to-day life and motivates students to opt for science as an option, become scientists, and make India proud.

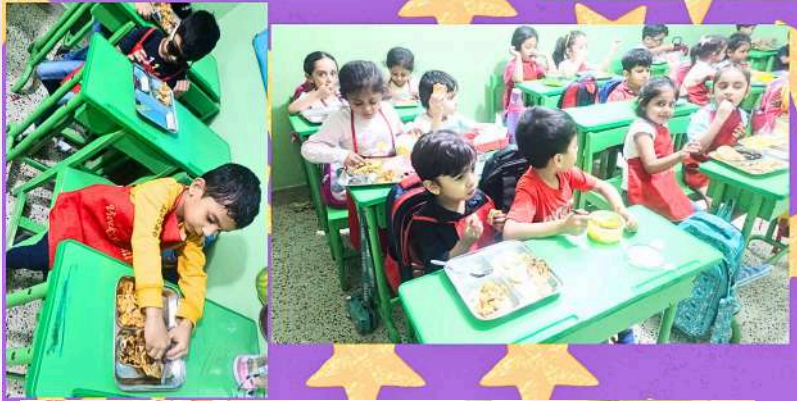

Several activities were organised to mark the occasion, including poster-making, quizzes, and debates. The students were given the opportunity to showcase their knowledge and creativity, as well as to learn from one another. Through these activities, the students were able to learn about the importance of technology in various fields, such as medicine, agriculture and communication. They also learnt about the various ethical, social, and environmental issues associated with technology and how these can be addressed through responsible and sustainable practices. It also instilled a sense of national pride by highlighting India's achievements in the field of technology.

The enthusiasm and interest shown by the students was commendable, and it was clear that they had gained a greater appreciation for technology.

It was a fulfilling day wherein learners across grades understood the importance of technology in building a better World. Over the years National Technology Day has evolved into a flagship occasion for honouring scientific excellence.

SUMMER PALOOZA

World Environment Day

"We believe in hands-on learning and teaching young learners the essence of giving back and caring for our planet."

World Environment Day was celebrated with great enthusiasm and participation at Vivek Summit School. The event aimed to raise awareness about environmental issues and promote sustainable practices among the students. The theme was "Beat Plastic Pollution".

Our learners enthusiastically participated in "World Environment Day" activities, showcasing their creativity and awareness. They started with a poster making competition on the theme of environmental conservation and sustainability.

Another highlight was the 'Best Out of Waste' competition where participants created decorative pots and art pieces using recycled materials. Students got an excellent opportunity to explore the nature through the various activities conducted like tree planting, art from waste exhibits, recycling initiative, waste reduction initiatives....etc. The air was filled with environment protection slogans and messages like 'Lets Plant More Trees', and reduce waste. The students not only got a good exposure but also got sensitized towards the need of the hour, which is to eliminate the use of plastic and save environment. Students raised slogans saying "No to Plastic".

INDEPENDENCE DAY

True stories of valour are not forgotten, they stay immortal in our hearts and in the pages of history. Vivek Summit School celebrated Independence Day with patriotic fervour and pride in their motherland as they presented powerful performances.

The young Summitians interpreted various significances of freedom and depicted the same through theatrical and dance performances. Duet song presentation and instrumental music presentation set the nationalistic mood for the day.

Students engaged in various art and craft activities, which encouraged them to collaborate with one another, share creative ideas, and work together as a team.

The combination of speeches, performances, and display of skills made the event a memorable one, fostering a deep sense of patriotism among the students and attendees.

KRISHNOTSAV

The auspicious occasion of Janmashtami was celebrated with a glorious performance by Vivek Summitians. The audience was presented with musical performances, vivacious dances and captivating speeches. The entire school was adorned with vibrant decorations, and the atmosphere was filled with the spirit of devotion and festivity. The highlight of the day was undoubtedly the sight of our young students dressed as Radha and Krishna. Their innocence and charm brought the legends of Krishna to life, as they danced gracefully to melodious tunes. The colorful attire and joyful expressions on their faces captured the essence of Janmashtami, making it a visual treat for everyone present. Students created beautifully decorated Krishna mukuts which they wore back home and also carrying self-created greeting cards. The colorful decorations, dance performances, and engaging activities made the celebration memorable for everyone present.

IEYC LEARNING

The International Early Years curriculum's Exit Point is an excellent chance to engage with parents and guardians to involve them in celebrating the learning that the kids have achieved.

To improve personal and international learning children were introduced to the theme “going places” through which children learnt about Vehicles and Journey's. The kids were keen on learning about vehicles, bus adventures, imaginary beach trip and imaginary balloon trips. They imagined they were flying in a plane singing going for a bear hunt and helping animals who needed help.

They also imagined going around the world seeing places eating different food and meeting people. When parents were invited they were enthralled to see their kids performing on different things.

They created an Airport scene, songs and danced. They also showcased the different activities they had done.

IPC LEARNING

The students of classes I & II had the theme Brainwave, Super Humans and How Humans Work. They learnt all these through Art, Geography, Health & Well Being, History, Music, Science & Technology & Innovation Maths and Language Arts were connected to encourage children to transfer and apply their learning.

All these themes helped the children develop as globally competent learners. At the end of these themes the children had an Exit Point where they showcased their knowledge gained by showcasing and presenting the various activities.

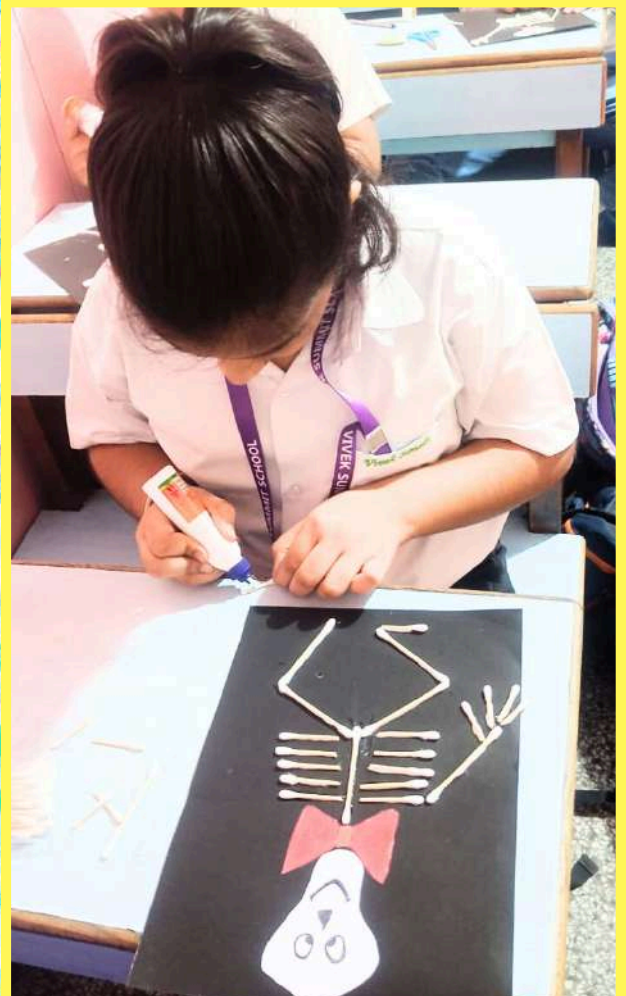

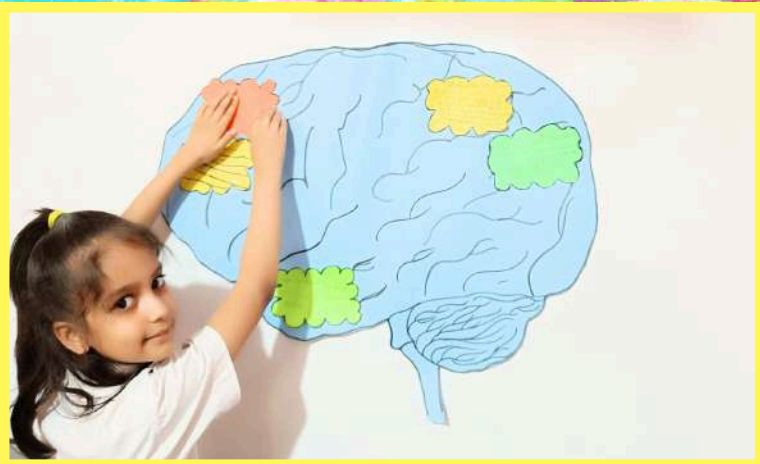

TECHNO LEARNING

All children are creative and every child's genetic intelligence grows proportional to the available academic and other opportunities.

Therefore "*Foundation Education in Technology*" guarantee's a kick start to have a wonderful technological future.

STORY NARRATION

Kids exhibited their confidence with great enthusiasm on this theme being part of their curriculum.

Students presented interesting stories, dressed up as real characters from the chosen stories.

They enacted the stories, sang songs and danced in the presence of their parents.

In the end their lovely teachers enacted a story this was a treat to their parents who appreciated and thanked the students and teachers for their efforts.

MOTOR SKILL ACTIVITIES

Children enjoying Montessori method of education where they are seen involving in things of their natural interests. It helps them to develop and master essential skills. Once they attain these creative learning skills it helps them in learning not only in school but also in life. Self confidence is the main aspect.
